

Organized Retail Theft

This Act creates three crimes. One addresses theft of property with a value of at least \$250 from a mercantile establishment with intent to resell. Another makes it a crime to possess stolen property from a mercantile establishment with a value of at least \$250. The third addresses theft of property from a mercantile establishment when the person leaves through an emergency exit, uses a device designed to overcome security systems, or commits theft at 3 or more mercantile establishments within 180 days. Finally, this Act adds theft with intent to resell and organized retail theft to a list of offenses that can be “criminal profiteering” when punishable as a felony and by imprisonment for more than one year.
